Discounted and Free Online Classes

NHEG is providing students discounted and free online classes that they can take in their free time or incorporate into their current studies. This includes students who are homeschooled or attending a charter, private or public school.

NHEG has partnered with HSLDA Academy, Silicon Valley High School, Touch Type Read and Spell, Reading Success Labs, Classic Learning Test and we have partnered with a number of talented instructors who offer unique learning opportunities. This includes an Animation and Drawing Course, and Generation Self-Employed Course. Students can receive a discount by using our code when registering in most of these classes. We also partnered with others who provides free courses through our site.

These free courses are from Hillsdale College, Virtual Home School Group, FEE online courses and Roots and Shoots.

The NHEG Online Learning Annex provides its own online courses, free and for a fee to children and adults who wish to learn more and are looking for something affordable. Our online classes are either self-enrolled or pre-recorded, meaning you can learn at your own pace or by attending standard online weekly courses taught by one of our volunteer teachers or tutors.

More Student Services

In order to promote leadership, we offer a **Student Advisory Group** for students ages 7 to 13 and a **Student Leadership Council** for students ages 14 to 23 with at least a 3.0 GPA. These internships give them opportunities to serve in our organization and earn relevant experience. It also empowers them to make a difference.

Additionally, NHEG offers an **Adult Advisory Group** for parents and provides an outlet for adults to have a voice in improving education.

NHEG **Travel Programs** offer students and teachers the opportunity to experience travel and understand new cultures around the world for the first time.

More Student Services

The NHEG Parents Information & Resources Portal is a dedicated page of information and resources for parents of home, public and charter school students.

NHEG Support Groups provide various support to not only our board members, but also to students, parents and teachers in Ohio. Each group provides a pivotal function in our organization to strengthen our programs and services; moreover, it helps support and educate children and adults, so they can build a much stronger educational background.

More Services

For students looking to get their pictures taken, NHEG offers high quality and reasonably priced photographers for school and senior pictures.

The **New Heights Show on Education** is an internet radio program in which the hosts cover various topics of education for home, charter and public school families in Ohio and beyond.. Sponsored by Silicon Valley High School.

We publish a **Bi-Monthly Magazine, titled EDGuide** to our subscribers, and they can get the latest news and information about our organization, teachers and students. It has a reach of more than 82,593 views.

UNRAVELING READING
BY DANIELA SILVA

It presents strategies and alternatives for developing reading and writing in children, youth and adults in a practical and dynamic way. Through diverse educational lessons, activities address three different learning styles, with consideration for how the brain learns and processes information visually, auditorily and kinesthetically.

ONE NONPROFIT'S JOURNEY TO SUCCESS
BY MS. SAVNEET SINGH

An inspiring story of a woman of how she stepped out of her home to help families who were unhappy and disappointed with the traditional school system. Ms. Clark was devastated by bullying incidents and lack of IEP assistance at local and charter schools, which left her sons feeling uncomfortable and unsafe. So, she decided to homeschool them and to fight for families looking for an alternative way to educate their children.

Testimonials I

2021 Julia Landy 5 star

I have been volunteering with New Heights as a graphic designer and video editor for about 10 months now. It has been a great experience so far. I have gotten to work on a lot of unique projects and gain a good bit of real-world graphics experience all while contributing to a great cause. Everyone I have engaged with so far has been very pleasant to work with, and I get frequent assignments and hours that will allow me to get scholarships in the next few years. The organization is really committed to engaging students in learning, and I am happy to help with such an important mission. I am very happy to have had the opportunity to volunteer with NHEG, and I look forward to continuing my work with them.

2020 Joagg 5 star

I am currently working as a Volunteer Lead HR Co-ordinator. I am blessed to have Pamela as my supervisor. Its a great place to work and learn new things. Join NHEG if you are looking for career growth opportunities.

2019 Tammy Marie Barham 5 star

I have known about New Heights for about a year and a half now. And have been volunteering for about as long. In addition to being a volunteer I have used NHEG for one of my children. The compassion that I have been shown has been the most heartwarming experience of my life. I fully support all that New Heights educational group does and I hope to donate to this non profit organization in the near future so they may continue to help out families in our community. Thank you new Heights for treating us like family.

Testimonials II

WOW! We asked, and we received. NHEG completed our son's assessment quickly and efficiently. They understood him and his needs clearly and were able to articulate ways to approach them with a positive vibe. They surpassed our expectations and we are extremely thankful to continue partnering with their wonderful team members.

Testimonials III

I've been tutoring at New Heights for over a year now, and it's been a very enjoyable experience. Not only has it been rewarding sharing my knowledge with other students, but it also has improved my own communication and interpersonal skills. It has been worthwhile working alongside other diligent volunteers who are always willing to help and make you feel at home.

I have been volunteering with NHEG for 6 months now, & as a Research coordinator it helps me to learn new things in every assignment & gain the experience.

NHEG is a great place to work. Pamela Clark is doing a great job.

She is always supportive and appreciates our work. The New Heights Educational Group is an amazing group of people who are so dedicated to their goal of educating others that is really inspiring. I am grateful to have the opportunity to work with such wonderful people. The New Heights Educational Group is an organization that provides many services to all students: private schools, public schools, charter schools and to home-schooled students.

Testimonials IV

I had seizures the first 8 years of my life, which caused me to become behind in every subject. Between my family and New Heights they are working to help me get caught up so I will be able to graduate high school in 2 years. I have been receiving tutoring from New Heights for about a year and a half now in Math and Science. My tutor, Vanh, is absolutely amazing!! Last year she helped me advance 3 grade levels in Math alone. She is now helping me also in Science. Thank you so much New Heights!

CelticKat (2016)

I have been blessed to be a part of New Heights. New Heights has given my daughter the opportunity to graduate a year earlier than a regular school and has helped my daughter to learn -- not just have papers or tests thrown at her. This group makes you feel like family. I wish everyone would know about this group. New Heights has helped so many people, and I know it will help so many more in the future. I want to personally thank you for all your help, and I would recommend New Heights to everyone.

Misty Brittig (2015)

Testimonials V

My name is Desiree; I'm a home-schooled senior, and I receive tutoring from New Heights Educational Group. Before I began with NHEG, I lived at home with my mother and step father in Indianapolis, Indiana. I was in the largest public school in the state. My education was going excellently, but my home life was not ideal for a teenage girl.

The situation at home was getting to the point where I had to move out. I moved to Defiance, Ohio, to live with my grandparents. I wasn't sure what to do with my education. I knew I couldn't go back to public school because the vocational education I had been receiving before wouldn't lineup with regular public school. I thought I was going to have to drop out completely and get my GED. It wasn't long after I had the dilemma that I discovered NHEG. With the personal help of Director Pamela Clark, and my tutors, I'm on track to graduation in the near future. My education has been a bit crazy over the last few months, NHEG has helped me tremendously.

Desiree (2014)

Testimonials VI

I am being tutored in reading by New Heights three times a week.

I like it. It is working. It give me something to look forward to by helping me prepare to learn how to read, so people don't look at me like I am illiterate. I would like to try to attend college and learn to do small engine repair, so I can get a job and provide for my kids and family. I will give my kids a skill of working on small engines. It helps my kids that I get tutored because I do my homework with them and I can help them with theirs. This makes me feel better about myself.

Pamela Clark is looking for a volunteer speech teacher for me. I like how New Heights finds volunteers to help people in need. It is also not expensive. It costs me only \$45 a month to get tutored three times a week and you can go all year round. My wife also likes all the activities for kids and insights she gets for kids.
